

DIEGO TAVERAS

280 Cedar ct, Copiague, NY, 11726 · 631-836-1033

Diegotaveras.dev@gmail.com · diegotaveras.com

Innovative web developer with years of experience creating and developing websites and web apps, and always learning new skills to improve my work.

EXPERIENCE

2020 – CURRENT

FREELANCE WEB DEVELOPER

Building and maintaining fully responsive websites with great user experience for small businesses, using top-notch technology to provide better performance and quality.

2019-05 – 2019-12

FRONT END DEVELOPER INTERN, FARMINGDALE STATE COLLEGE

I was the frontend developer of an internship project of a team of 5 people where I built the entire website using ReactJS and SASS, you can see more about it here:

<https://github.com/rosierjolie/knoogle-client>

2020-09 – 2020-12

FRONT END DEVELOPER INTERN, FARMINGDALE STATE COLLEGE

I was the frontend developer of an internship project for a business organization that wanted to visualize data about exports made from New York and Long Island, I build it using ReactJs, react-apexcharts, styled-components, and D3. More about it here:
